

Special flooring tools

For laying parquet, laminated and panel flooring

Simple and efficient

Floor coverings such as wood and cork parquet, laminated and panel flooring are stylish and fashionable. **BESSEY** has developed a range of specialist clamping tools that make the laying

of these sought after floor coverings easier and more efficient. Examples of Bessey innovations are spacer PVA and the flooring and clamping system SVH. That makes **BESSEY** a trendsetter in this field as well!

Used in conjunction with the PVA and AV2 accessories the PVZ flooring clamp delivers professional standards of installation on parquet, laminate and panel flooring.

The AV2 achieves consistent edge spacing between 5 and 20 mm without the need for multiple wedges.
